Alex and Sean,

This is an ICIS pull from April 2018 with information about PFAS in permits.

The attached excel file [generated from ICIS] identifies 22 facilities in Regions 2, 3, 4, 5, and 9:

- 14 non-POTWs
  - NJ
  - VA
  - AL (8)
  - NC
  - IL
  - MN
  - OH (2)
  - CA (2)
- 8 POTWs
  - AL (3)
  - MN (4)
  - OH

No limits, just monitoring.

- Perfluorooctanoic Acid
- Perfluorooctanesulfonamide

- Perfluorooctanesulfonate
- 2-[N-methylperfluorooctanesulfonamido] acetic
- 2-[N-ethylperfluorooctanesulfonamido] acetic acid
- N-ethylperfluorooctane Sulfonamidoethanol
- N-methylperfluorooctane Sulfonamidoethanol

During the call in April additional facilities were identified in Region 3: Dupont in VA, for which a numeric limit is included within a special condition, and Washington Works draft permit in WV.

Please let me know if you have any questions.

Thanks,  
Thelma
